

## DOG TRAINING RESOURCE LIBRARY

From our friends at the San Francisco SPCA

As you begin, or continue, your trekking with your pup into California's rich abundance of outdoor recreation, it's important that Rover is properly trained. If you are having issues with recall, confrontation when passing new dogs, or need help with general obedience, the [San Francisco SPCA](#) has some tips.

Here are the printable downloads that can help:

### Dog-dog aggression on lease (reactivity):

Does your dog whine, bark, growl, or lunge when he sees another dog while he's on his leash? This unpleasant but common behavioral problem in dogs can be caused by barrier frustration. From nature's side, dogs are strongly motivated to greet one another, and on leash, they can't always do that.

### Dog-dog aggression off lease:

Some aggression may be a normal, adaptive behavior in virtually all animal species and domestic dogs are no exception. Luckily, there are a number of things you can do to minimize both the frequency and intensity of dog-dog aggression.

### Dog-dog introductions:

Adding a new dog to a home with a resident dog can be great fun and offers both your family and your dog extra companionship. However, dogs need time to build relationships. The more quarrel-free you can keep the early stages of the sibling relationship the stronger it will be—and yet quarrels can still easily happen. That's why it's crucial to proceed slowly, even if it seems as though the dogs are getting along without any problems.
